# Word Lists

11<sup>th</sup> Grade

The **Word List** is a division of 380 words into smaller groups to be studied each week. The first lesson of each semester has 20 new words. Each lesson thereafter has 10 new words. The tests for these words are cumulative during each semester. All tests for this vocabulary study have 20 words: ten words from the new list and ten words from previous lists. For instance, tests for Lesson 16 contain 10 new words with additional words from lessons 15, 14, and 13. At any given time in the semester, no test covers more than four lessons.

This vocabulary study includes words that have appeared on past PSAT and SAT tests, as well as in *The Scarlet Letter* and *Macbeth*.

One usefulness of this list lies in the advantage of being able to give the students one sheet of paper that contains all the words that will be covered during the course of the year.
